ABOUT PLACER MOSQUITO AND VECTOR CONTROL DISTRICT

FIGHT THE BITE

by practicing the District’s 3Ds of protection:

1. **DRAIN** any standing water that may produce mosquitoes.

2. **DEFEND** yourself against mosquitoes by using an effective insect repellent, such as DEET, Picaridin or Oil of Lemon Eucalyptus. Make sure you follow label directions!

3. Contact the **DISTRICT** for help. We are here to serve you. Call us at (888) 768-2343, or visit us online at www.placermosquito.org.

Your tax dollars hard at work

BIological control
District staff place mosquitofish in permanent water sources such as ponds, watering troughs, neglected swimming pools, or other areas that allow mosquitoes to develop.

One adult mosquitofish can consume up to 500 mosquito larvae per day.

Physical control
Standing water creates opportunities for mosquitoes to develop. The District is committed to working cooperatively with landowners and land managers to limit standing water to less than 72 hours, manage emergent vegetation, maintain ditches and natural drains, and work with District staff to coordinate irrigations and mosquito control treatments.

Chemical control
The District uses larvicides proactively to control immature mosquitoes (larvae) and prevent the emergence of adults. The District also uses adulticides to control existing populations of adult mosquitoes. All products used by the District are approved for public health use by the Environmental Protection Agency, and applied by trained and state-certified technicians.

SERVICES
The District provides year-round services to the residents of Placer County. District technicians promptly respond to requests for service and on-site inspections, and provide information about vectors including but not limited to mosquitoes, ticks, yellowjackets and rats. For inquiries or to request service, please call the District at (888) 768-2343, or visit us online at www.placermosquito.org.

PLACER MOSQUITO AND VECTOR CONTROL DISTRICT’S GOVERNING BOARD
The Placer Mosquito and Vector Control District is an independent, non-enterprise, special district governed by California Mosquito and Vector Control Law and a seven-member Board of Trustees. Trustees are appointed by the city and town councils and the board of supervisors in Placer County. The District is publicly funded and has monthly board meetings that are open to the public. For the most current board meeting schedule or for additional information, please contact the District toll free at (888) 768-2343, or visit us online at www.placermosquito.org.
