   A motion to approve the amended minutes of the November 20, 2017 Regular Board Meeting and was made by Trustee Gilbert, seconded by Trustee Stockwin unanimously approved, no abstentions.

   A motion to approve the financial report for November Regular Board Meeting was made by Trustee Snyder, seconded by Trustee Stockwin, unanimously approved, no abstentions.

8. **Staff Reports**
   
   A. **Public Information and Outreach Report** – Along with the report included in the Board packet, Ms. Barros reported the following:
      
      • A collaborative partnership with the Roseville library system has been developed to bring a series of monthly science lab presentations to library patrons beginning in January through May of 2018.

   B. **Operations Report** – Along with the report included in the Board packet, Mr. Boisvert reported the following:
      
      • There was a spike in catch basin inspections due to a special project spearheaded by Scott Schon and Mike Ashley, the District’s new Lead Vector Control Technicians. Mr. Schon and Mr. Ashley gave a brief presentation to the Board on the catch basin project. Presentation slides will be attached to the Board Packet. Mr. Boisvert also reported that the District will be acquiring 12 new BG traps if the District is awarded Zika monies through a CDPH funding opportunity.

   C. **Mosquito & Disease Surveillance Report** – Along with the report included in the Board packet, Mr. Hartle reported the following:
      
      • The laboratory is working on two projects. One project is focusing on determining mosquito survival rates in our colony, which the other project is looking at modifying our current traps to include in-line filters. The laboratory staff also visited the Sacramento-Yolo MVCD colonies last week to observe their set-up and operations.
D. Applied Research Report – A written report was submitted. No additional items were reported.

E. General Manager’s Report – Along with the report included in the Board packet, Mr. Buettner reported the following:
   • A full-time vector control position in the Tahoe substation is being considered. Revising this position from a seasonal position may have an impact in future recruitment and retention. This new position would come with all the benefits of regular full-time employees. The hours for the position can be adjusted to allow for accumulated comp time during the busy season to supplement time lost during the slow season in order to maintain full-time status, salary, and benefits. If this position is approved, it is anticipated that it will be filled and operational by April of 2018.
   • The Board requested a report on the fiscal impact of this proposal. Mr. Buettner stated that a formal staff report will be provided at the January 2018 Board meeting.
